SARA Policy Modification Process

How can institutional staff and other stakeholders participate?

What does the *SARA Policy Manual* Say?

NC-SARA is a private nonprofit organization that helps expand students' access to educational opportunities and ensure more efficient, consistent, and effective regulation of distance education programs. Section 8.2 of the *SARA Policy Manual* provides details addressing the purpose, guiding principles, and process for making modifications to SARA Policy through the SARA Policy Modification Process. As stated in the Purpose section, the process "...is intended to provide each of those parties [the four regional compacts and NC-SARA] – as well as the many additional stakeholders to SARA – a reasonable and appropriate voice in the review and approval of SARA policy changes."

What is the rationale?

Currently, the SARA Policy Modification Process is initiated in January each year and includes a series of events and deadlines for proposal submissions, public comment, amendments, voting, etc. A calendar of important dates is published on the [SARA Policy Modification Process](#) webpage.

The Policy Modification Process reflects the following guiding principles: transparency; collaboration; consistency; and clear and open communication among regional compacts, states, institutions, NC-SARA, and other stakeholders.

According to the *SARA Policy Manual*, "Proposed policy modifications shall be evaluated based on SARA's fundamental reliance on interstate reciprocity and trust, and on the fundamental purposes of SARA, which are to support high quality distance education, resolve problems encountered by students, and simplify and support the interstate offering of distance education using a model under which an institution's home state is primarily responsible for what the institution offers under the aegis of SARA."

How can my institution engage in the SARA Policy Modification Process?

About SARA Quick Start Guides: When institutions participate in SARA, they agree to a set of compliance requirements as detailed in the [SARA Policy Manual](#). SARA Quick Starts are intended to help institution personnel understand a particular requirement to help them maintain compliance, communicate with colleagues regarding SARA requirements, and explain the requirement to students and other stakeholders. Institutions should always check for any state-specific requirements with their [SARA State Portal Entity](#).
